

## **HOW TO MAKE BIRD CAKE**

### **You will need:**

Plastic Plant Pot(s)  
String  
Mixing Spoon  
Lard  
Mixing Bowl  
Bird Seed  
Raisins  
Grated Cheese

### **Method:**

1. Thread string through one of the holes in the bottom of the plant pot, and tie a big knot on the inside. Leave enough string so that you can tie the pot to your tree or bird table.
2. Allow the lard to warm to room temperature, cut it up into small pieces, and add to the mixing bowl.
3. Add some of the other ingredients to the bowl, and mix them together with a big spoon (or use your fingers if you want to get really messy!).
4. Keep adding the seeds, raisins and cheese, and mix until it is all held together by the fat.
5. Fill the plant pot with the bird cake mixture, and put it in the fridge to set for an hour or two.
6. Make as many more as you like.
6. Carefully remove the bird cake from the pot, ensuring the string stays in place. Hang your bird cakes from trees or your bird table. Watch out for all the birds which will visit!
